Dear Mr. Reinach:

This is in reply to your letter of December 17, 1970, concerning filing of plans of inspection and maintenance.

We do not have sample copy of such a plan nor guidelines for their preparation. Hopefully, after the filing of the first annual reports and the first submissions of plans of inspection, we will be able to develop such guidelines. We would expect any plans submitted at least to comply with requirements for inspection and maintenance of 49 CFR, Part 192, a copy of which is enclosed.

Per your request we are enclosing ten copies of each of the reporting forms.

Thank you for your interest in the pipeline safety program.

Sincerely,

/signed/

Joseph C. Caldwell
Director, Acting
Office of Pipeline Safety
