

## Technical Pipeline Safety Standards Committee

### List of Documents for Vote and Sample Language to Call a Motion

On December 9, 2009, the Technical Pipeline Safety Standards Committee (TPSSC) and the Technical Hazardous Liquid Pipeline Safety Standards Committee (THLPSSC) will vote on the following:

- (1) NPRM - Pipeline Safety: Updates to Pipeline and Liquefied Natural Gas Reporting Requirements (74 FR 31675 - published on July 2, 2009) and, the
- (2) Draft regulatory evaluation for the proposed rule.

The following is sample language to call a motion:

1. \_\_\_ The proposed rule as published in the *Federal Register* and the Draft Regulatory Evaluation are technically feasible, reasonable, cost-effective, and practicable.
2. \_\_\_ The proposed rule as published in the *Federal Register* and the Draft Regulatory Evaluation are technically feasible, reasonable, cost-effective, and practicable if the following changes are made.
3. \_\_\_ The proposed rule as published in the *Federal Register* and the Draft Regulatory Evaluation are not (or cannot be made) technically feasible, reasonable, cost-effective and practicable.
